## Contents Volume 87, 1995

**Special Issue: Marine Quantitative Palynology: Tectonic, Climatic and Eustatic Control** (edited by J. Verniers, C. Poumot and M. Streel)

Introduction	vii
Relations microfossiles organiques-paléoenvironnements: exemples de deux formations dévonniennes du Massif Armoricain et d'Aquitaine	
V. Baudu, F. Paris	1
Jurassic palynology from a borehole in the Champagne area, France—correlation of the lower Callovian–middle Oxfordian using sequence stratigraphy	
D. Fauconnier	15
Palynological variations and sedimentary cycles in the Jurassic from the Paris basin	
V. Huault, G. Merzeraud, R. Rauscher, M. Schuler	27
The mid-Cretaceous palaeoenvironmental conditions in the Polish Carpathians—a palynological approach	
J. Jaminski	43
Evolution of the Messinian Mediterranean environments: the Tripoli Formation at Capodarso (Sicily, Italy)	
J.-P. Suc, D. Violanti, L. Londeix, C. Poumot, C. Robert, G. Clauzon, F. Gautier, J.-L. Turon, J. Ferrier, H. Chikhi, G. Cambon	51
<b>Special Issue: Fossil In Situ Spores and Pollen Grains: An Annotated Catalogue</b>	
B.E. Balme	81
